Colours

Available in 12mm, can be laminated to 24mm

Squares Tile

Details

Wool Felt tile is a sustainable decorative piece typically used for creating intricate patterns or designs on walls or flat surfaces. They are made from 100% Wool Felt and Eco-friendly felt core, which is manufactured from recycled plastic bottles or other sustainable sources. These tiles are lightweight, easy to install, and offer sound-absorbing properties, making them a practical and environmentally friendly choice for interior decoration.

Available in 35 colors of 100% Wool Felt mounted to a high performing acoustic Eco Felt core with Square or Beveled edges. The modular tiles install easily with heavy-duty construction adhesive while providing sound absorption and all-natural texture.

Content	100% Wool Design Felt+ Polyester Eco Felt (60%post-consumer recycled content)
Tile Size	1'x1', 2'x2'
Thickness	5/8"(15mm)
Thickness Tolerance	+ -1mm
Edge Options	Square, Beveled
Color Options	Any color of our Felt
Custom	Custom sizes are available and must be quoted

Durability	Contract
Lead Time	Made to order and certain Lead times will apply
Installation	Install in the pattern as specified and attach to a wall surface using a heavy-duty construction adhesive. Tiles may be Trimmed to size with a utility knife.
Maintenance	Vacuum occasionally to remove general air-bourne debris. Should soiling occur, spot clean with mild soap and warm water. Avoid aggressive rubbing as this can continue the felting process and change the surface appearance of the felt.
Variation	Wool felt is a natural material and color variation and inclusions of natural fiber on the surface are evidence of the 100% natural origin of the material. Product color is only indicative as it is not possible to assure consistency of color in a natural product due to the color of raw wool and absorption of dyes. Color matching cannot be guaranteed between individual tiles and expected color variation beyond the normal commercial range.
Environmental	100% Wool Felt is 100% Biodegradable/compostable and Eco Felt contains minimum 60% post-consumer recycles content and is 100% recyclable. Contains no formaldehyde . 100% VOC free,no chemical irritants, and free of harmful substances, 100% Wool Felt and Eco Felt contribute to Leed
